

It's not about big money
(Together all the way)

We know how to survive on two dollars a day
How to find a job to get a good enough pay
How to make a decent life and not fade away
We build strong solutions day by day

Look at the humble Bonzai tree
All the way kept little intentionally
There is nothing wrong, nothing wrong with its seed
It just needs some more space to breath...

Ooh well

It's not about big money

It's all about how to make a living day by day

Not too little, not too much, not too many

Together we can make it, we are here to stay

Together we can make it, together all the way

We're using coloured stones

And we make 'em stick

Working steady, not too slow not too quick

We can use a hand laying brick upon brick

That's how we build our City of Mosaic

Ooh well

It's not about big money

It's all about how to make a living day by day

Not too little, not too much, not too many

Together we can make it, we are here to stay

Together we can make it, together all the way

Little by little, piece by piece

Colours upon colours, working for release

Together we can make it, we will make a stand

And if we fall we'll rise again, together hand in hand

Ooh well

It's not about big money

It's all about how to make a living day by day

Not too little, not too much, not too many

Together we can make it, we are here to stay

Together we can make it, together all the way

(Together all the way)communis, kune, saam, together

(Together all the way)collectiu, comu, gemainsam, sammen

(Together all the way)ensemble, insieme, juntamente, juntos

(Together all the way)bmecte, pamoja, birlikte, së bashku

Together all the way Together all the way Together all the way Together all the way
